
WINDOM POLICE
DEPARTMENT
ANNUAL REPORT

2022

MESSAGE FROM THE CHIEF OF POLICE

Scott Peterson

Dear Mayor and City Council Members:

2022 was an eventful year for the Windom Police Department. Several items of new equipment were acquired, we filled a vacant position for police officer and continued our partnership with different entities in the community.

This past summer funding was appropriated to purchase a drone and new traffic radars. The drone is a huge addition to our agency. This provides us with capabilities for search and rescue, as well as tactical operations for law enforcement. The traffic radars are essential pieces of equipment for the patrol officer. These new units have provided a boost in our efforts toward traffic enforcement.

Officer Jacob Samdal left our agency in June to become a Minnesota State Trooper. We were sad to see him leave, but wish him the best in his new career. In November, Austin Lasky was hired to fill this vacancy. We believe that he will be a great addition to our staff.

We also continued our partnerships with Southwest CO-OP (ALC) and Windom Area Health. I will provide more details on those later in this report.

I wish to thank the Mayor and City Council for their continued support. I also wish to recognize School Resource Officer Dana Wallace and Records Clerk Deb Nesseth for their efforts in creating this report.

Scott Peterson
Chief of Police

The mission of the Windom Police Department is to provide quality police service to our community by promoting meaningful police/citizen interaction and community partnerships.

- We place an emphasis on public education, problem solving and actively responding to community concerns.
- We commit to the values of integrity, impartiality, and service in the performance of our duties.

Spring Bike Safety

MN TZD Drive Safe Activity Day

In partnership with the Windom Fire Department, the Windom Police Department acquired a DJI Mavic 2 Series Advanced UAV. It has a Thermal camera and a 32x digital zoom camera. The UAV has the capacities of using a speaker to communicate and a flood light for use during nighttime operations. The UAV cost was approximately \$6,900, which was covered by Federal grants.

UNMANNED AERIAL VEHICLE (UAV)

The department primarily uses the UAV for search & rescue type applications, including searching for missing persons, people that have fled law enforcement, mapping crime scenes, and assisting the Windom Fire Department at a structure type fire. The UAV will also be used to assist with surround agencies and fire departments, upon request.

We deployed the UAV 2 times in 2022, for training purposes, since the start of the program in December. We have one licensed pilot through the FAA and another officer currently going through the classes to become a licensed UAV pilot. Preparing for the test consist of obtaining knowledge in several topics, including but not limited to rules/regulations, airspace, weather, and maps/charting.

INVESTIGATOR REPORT

Each year, I struggle to know what to write about. Not because, I have a lack of material to compose a great read, but because often as an Investigator, my cases can drag on for months, even years before there is a conclusion. I have an example of this: Case # 21 08 0641 - also known as the Phat Pheasant Homicide

On August 26, 2021, a 40 year old man, Juan Luis Morales Rivera, lost his life in Windom. This case is still in the court system, with a 2 week Jury Trial scheduled for February 6-17, 2023. The facts, details and truth about this case are secured in three, 3” binders in my office. In the next few weeks, I will be reviewing those materials and studying, as if for an exam, so I can testify to the absolute best of my ability for Juan’s family.

It is so important for Officers and Investigators to write clear, detailed reports as it may be several months before you are asked to remember everything in a court room.

So this year, as we question why has it taken 1.5 years for us to hear about or know about a case, I wanted you to know there are great people working behind the scenes every day, compiling information, good and bad, gathering facts and data, to make a case, or not. Rest assured we will continue our efforts.

The Police Department works closely with the County Attorney’s Office on each case. In the event of a murder, we also work closely with the Minnesota Bureau of Criminal Apprehension (BCA) and the Ramsey County Medical Examiner.

Case #21 12 1004 –The Pine View Assisted Living case. A recent press release was done after the County Attorney’s Office filed charges against 2 people for criminal neglect and financial exploitation of a vulnerable adult that WAS a resident of the facility. This case will make its way throughout the court system this year.

In Police work, it is easy to talk about stats and see that we are mostly a “reactive” force. We will never know how many crimes we have stopped by being proactive or seen by the public. However, I believe this case would have a much different outcome if not for the proactive efforts of the Pine View nursing staff, Police, Social Workers, State’s Ombudsman and County Attorney’s Office

Written by Donna Marcy

INVESTIGATOR CASE HIGHLIGHTS

January

13 year old girl in a sexual relationship with a 24 year old male. The male has been charged with 3rd degree criminal sexual conduct. He has fled to Mexico. There is a warrant issued for his arrest if he returns to the United States.

30 year old woman was found guilty of Perjury. I can not recall another time in my career where this has been charged out. The woman was found guilty and ordered to pay a \$600.00 fine and have 1 year of supervised probation.

February

The US Marshal's assisted with an arrest of a 25 year old man from Chicago. This man was charged with 1st degree criminal sexual conduct involving a child under the age of 13. He entered an Alford plea of guilty in January of 2023.

30 year old male was convicted for issuance of numerous dishonored checks, throughout SW Minnesota. He was sentenced to 18 months in Saint Cloud Prison and has restitution to pay back

March

There was an interesting case involving the theft of a tool with an Apple Airtag device hidden inside. The tool was located using the Apple Airtag tracking application. A 36 year old male with warrants is wanted for questioning in connection with this case.

April

15 year old student was charged with 5th degree assault and threats of terror after an incident at the ALC school.

27 year old male was charged with 2 counts of 1st degree criminal sexual conduct involving a 13 year old girl. A jury trial is scheduled for May 2023.

34 year old man was charged with Gross Misd. Domestic Assault, and violation of a no contact order. He was sentenced to 2 years of probation and a fine.

45 year old male was charged with 4th and 5th degree criminal sexual conduct regarding his actions with a vulnerable adult. This same male was charged in 2019 with 1st degree and 3rd degree criminal sexual conduct, however, he was determined to be incompetent to stand trial. Why/How this person can remain in society and re-victimize is beyond my scope of understanding.

June

31 year old male was charged with 4 counts of 2nd degree criminal sexual conduct involving a child under the age of 12. Trial is scheduled for March 2023.

63 year old male was charged for knowingly violating his predatory offender registration. His trial is scheduled for April 2023.

39 year old male was charged for making threats of violence while at his work place – Hy-Life.

July

56 year old male was charged with 1st degree criminal sexual conduct with force against a 57 year old female. The male remains in jail until trial.

August

24 year old male was charged for violation of an order for protection. This matter is scheduled for trial in April 2023

September

3 juveniles were charged with 1st degree burglary after making entry and refusing to leave the home of a 43 year old female.

October

17 year old male was charged with 5th degree assault and threats of violence after an incident at the ALC school.

November

26 year old male was charged with 3rd degree, gross misd. damage to property after throwing rocks through a window at the former Guardian Inn building.

**Most November and December cases are still under review by the County Attorney's Office*

Windom Police K9 Unit had their first bite apprehension deployment since being in service.

K9 TEAM REPORT

The team was called out to assist Jackson County Sheriff's office on a cold evening night in November. They had been involved in a vehicle pursuit that had gone several miles and ended in a field and brush patch.

The driver then fled on foot and evaded capture. A perimeter was set up while Jackson County K9 Team and other units attempted to locate the driver, who was suspected to have prior criminal history of drug sales and on pre-trial release for felon in possession. Warnings were given during this time that if the driver didn't surrender, a K9 would be sent after him and he'd be bitten.

The Windom K9 team assisted on the perimeter as local drone units and the State Patrol Helicopter were also requested.

After a few hours of searching, a drone team located the suspect, who started to flee again on foot through an open field. State Patrol Trooper, Jackson County Deputy, and the Windom K9 saw the fleeing suspect and caught up to him. Warnings were given again to stop or a K9 would be sent after him.

"After running several hundred feet and not giving any sign of surrendering, K9 Bruno was deployed and apprehended the person with a leg bite"

After running several hundred feet and not giving any sign of surrendering, K9 Bruno was deployed, apprehending the person with a leg bite, allowing officer's to safely take the suspect into custody. The suspect was transported to the hospital for his injuries and was charged through the Jackson County Sheriff's Office with multiple felonies.

Windom K9 team is actively involved in the SW Regional training group, which acclimates the team to other area officers and environments in real world scenarios.

Training like this allows the team to have successful and safe deployments like this.

*Written by
Louis Norell*

This past year, we continued our partnership with SWWC Service Cooperative at ELC-Windom. During the school year, our officers are at the school for approximately 1 hour each day. This time is spent walking the halls and developing relationships with students and faculty. **The number of calls to this facility did not rise in 2022.** I attribute that to the partnership that has been built between the Windom Police Department and ELC staff.

Written by Scott Peterson

In 2022, we also maintained our partnership with Windom Area Health. We provide foot patrols to the hospital several times each day and provide security for unruly patients, should the need arise. Windom Area Health and the City of Windom share the costs for a police officer position. This partnership has been beneficial for both parties.

DIRECTED PATROL PARTNERSHIPS

GERIATRIC PERSON WITH DEMENTIA LOCATED WITH AIRTAG

In May, a person with Dementia went missing from the Cities. His daughter tracked him with an Apple AirTag but lost the signal for it near Windom. She stopped in at the police station to get assistance in locating him. A multi-agency response was established, and the father was located at a Lamberton gas station.

~Rebecca McPeak

RECORDS AND STATS REPORTS

In my 2022 year-end letter, with regards to records management work at the Police Department, I saw few changes. I received online training through the MN Courts on the new MNDES program which is the Minnesota Digital Exhibit System. This is a web-based portal that streamlines exhibit management and allows users to upload exhibit files as well as access and review their uploaded exhibit files. This system will mostly be used by the County Attorney's Office and the Courts.

The Department, on the other hand, has been very busy. The Department's Calls for Service numbers continue to be higher with the addition of duties of "Directed Patrol" at the Windom Area Health added in July, 2021, along with a large variety of criminal and non-criminal calls.

We have completed our third year for using the MN National Incident Based Reporting System (NIBRS), which continues to be beneficial by completing crime information informing criminal justice partners with information they need to do their jobs and ultimately help make our communities safer

I also want to end my letter in dedication to two working partners of mine, one an employee of the Cottonwood County Attorney's Office. Our office works closely with the County Attorney's Office on a daily basis. A very dedicated, hardworking, legal secretary and friend, Sheli Fast, retired the end of December. I had enjoyed our working partnership for several years and wish her well in her retirement and what her future holds for her and her family.

Again, my days are different at the office due to a longtime work partner and friend, the Cottonwood Co. Sheriffs Department's Adm. Assistant, Kristen Porath, who left for a new position as the City of Windom's Ambulance Director. It was an honor for me to work with Kristen for 19 years. Kristen was a dedicated and hardworking work partner and I wish Kristen well in her new duties with the City of Windom Ambulance Service.

Sincerely,

Debra Nesseth, Legal Secretary
Windom Police Department

Crimes at a Glance

Total Criminal Activity

Increases in Assaults and Crimes against the Administration of Justice crimes

Decrease in Threats of Violence, Burglary and Disturbing the Peace crime

Adult Arrests

Decrease in overall adult arrests but several 2022 cases are still pending

Juvenile Arrests

Increase in Juvenile Assaults charges.

Overall criminal reports were down in 2022

2021 Criminal Cases - Adult Arrests - Juvenile Arrests			
Criminal Cases	Adult Arrests	Juvenile Arrests	
2			Arson
